## EDUCATION

### Siksha 'O' Anusandhan

Computer Science and Engineering (CGPA: 9.24)

**Bhubaneswar, India**

Graduation Year: 2025

### St. Xavier's School

Intermediate (Percentage: 89.75%)

**Ranchi, India**

Graduation Year: 2021

## EXPERIENCE

### Research and Development Intern at Samsung Prism

Responsible for developing tools to calculate and reduce energy consumption in Java-based applications.

**Samsung R&D Institute India**

Internship

May 2023 - Present

## PROJECTS

### Grind (Solving for India Hackathon) • [GitHub](#)

May 2023 - June 2023

NodeJS, GraphQL, MongoDB, GCP, ReactJS, HTML, CSS

- Local event and tournament discovery for users to stay updated on nearby opportunities.
- Personalized cricket training: Users could record pull shot videos, receive accuracy scores via vertexAI, and access tailored improvement tasks generated by OpenAI.

### LegallyFit (Smart India Hackathon) • [GitHub](#)

Sept 2023

ReactJs, NodeJS, OpenAI, AWS

- Collaborated as a team to develop an AI-driven solution aimed at simplifying legal document creation for individuals and small businesses in India.
- Utilizes publicly available legal data for AI model training to ensure cost-effectiveness and scalability.
- Implemented custom semantic analysis using AWS Comprehend to predict document generation types.

## TECHNICAL SKILLS

**Languages:** Java, JavaScript, Python, C Programming Language

**Web Development:** NodeJs, GraphQL, HTML, CSS, ReactJS

**Databases:** MongoDB, MySQL

**Tools:** Git, GitHub

**Cloud Platform:** Microsoft Azure, Google Cloud Platform

## ACHIEVEMENTS / SKILLS

- Solving For India Hackathon:** Qualified for regionals round and made it to top 10 in East Zone of India.
- HackNITR Hackathon:** Secured the top charts in the 36-hour long hackathon.
- Leetcode:** [Aparesh](#) (150+ Questions solved, 200+ Submissions)
- GeeksForGeeks:** [krAparesh](#) (Institute Rank 131)
- Open Source:** [krAparesh](#) (Participated in Open Source Challenge by Scaler Academy)
